

Identified as a future institutional and commercial zone in the NCR, the blueprint of Greater Noida's development resembles that of Noida in more ways than one and developers are drawn to the area like moths to light

# Develope

The NCR is the fastest growing real estate market in the country today. 2010 will see a tremendous positive movement in the realty scenario. The market has warmed up again. Overall, the outlook is bullish and trend positive. The market will further improve and consolidate in 2010

- Navin Raheja, MD, Raheja Developers

**G**reater Noida is the extension of the development format of Noida. The region has been identified as a future institutional and commercial

### AT A GLANCE

- Located 25 km from Noida, the place is reachable via the Greater Noida Expressway
